Senator Arnett Honored.

Senator Chas. D. Arnett received an appointment a few days ago from Governor Morrow, appointing him a member of the Henry Watson Memorial Commission. Said Commission was created by a resolution of the General Assembly at the last session.

It will be the duty of the commission to have charge of the selection of a monument or memorial to the great Kentucky editor and to provide means to do so.

The commission will have its first meeting on Tuesday, May 2, in the Reg Room of the Seibach Hotel, at which meeting a permanent organization will be effected.

The selection of Senator Arnett on the commission is a great honor, and in making the selection Governor Morrow has named a man who understood and was intimate with the great man whose fame has lent luster to Kentucky's history. Of all her great men Kentucky agrees that "Marse Henry" was of her greatest, and it is indeed an honor to be on the commission to provide for a suitable memorial to the great journalist.

Fiscal Court.

The Fiscal Court of Morgan county convened Wednesday and are in session. The Justices present are Esquires Harlan Murphy, J. C. Terrell and Raney Hamilton. Judge J. V. Henry is presiding. Wednesday was devoted to the consideration of claims for the current expense of the county. It is expected that the consideration of the financial affairs of the county will be considered today.

The court voted to appropriate \$300 to the continuation of the farm agent work. One of the most hearty endorsement of the work of County Agent Rankin was given by citizens from various sections of the county, and Mr. Rankin will doubtless be continued in the work. If the extension board refuses to continue the work with this appropriation it is said that the citizens will make up the remainder by popular vote.

Big Gas Strike.

The Petroleum Exploration Co. drilled in a gas well on the farm of John Amyx, near the mouth of Grassy creek last week that tested a million and a half feet of gas. This was a test well in section, the first in that neighborhood, and demonstrates that Morgan county will prove to be one of the best gas fields in the State.

Other wells will be drilled in that section, we are informed, and the territory thoroughly developed.

The Ivyton Oil & Gas Co. are erecting a rig and will begin drilling on long branch in a few days. This company will drill that section a thorough test and have location on Spaw creek and War creek.

The indications are that much drilling will be done in the county this year and the oil and gas business is drawing many here to look the field over.

Sells Business at Irvine.

Willie Eam, Jr., and Mrs. Eam and the children are at the home of Mrs. Eam's parents, Mr. and Mrs. H. A. Wells, for a few days. Mr. Eam has sold to his partner, W. W. Cartmell, his interest in the store at Irvine.

Mr. Eam has not decided what business he will engage in yet, but he may go into the mercantile business at Irvine alone. Mr. Eam is a fine business man and as square as a die. For more than two years he was a partner in the firm of Hovemore & Eam and those two years were passed without a far or disagreement in the business and we can cheerfully recommend Mr. Eam to any community to which he may locate as a young man of fine character and splendid business attainment.

The First Ball Game.

The Ezel team came over and took the locals to the tune of 18 to 5. It was an earnestly played game but both teams showed a woeful lack of practice. Garland Frisby, for the West Liberty team, made a home run in the first and a three bagger in the second, but the local boys could not find Hatton's curves often enough to make the game even. Still, our boys played gamely and lost like true sportsmen, and we expect that with a little more practice and team work they will soon be able to give a good account of themselves. We need to hack them up and help them make a good team.

Court Day Road Notes.

In every group of citizens Wednesday the discussion of good roads was indulged in and it is wonderful how the spirit for good roads is growing. Men are talking in favor of voting a few bond issues to build roads that a few months ago were not so inclined.

One citizen and a big taxpayer said that a \$250,000 bond issue would be only five per cent of the taxable value on the property, and that he favored it.

Several neighborhoods are talking of following the example of Caney in buying a tractor for road work by popular subscription.

HOLIDAY

Tom May, of White Oak, who is a salesman for Powell Hackney Grocery Co., passed through here last week.

Glenn Keith and Wade Wente went up the country to buy cattle a few days ago.

S. K. Reed, of Caney, passed thru here one day last week.

Harrison Holliday, of this place, was in West Liberty Saturday on business.

Hagar Oney and Luther Holliday attended the singing at Harper Saturday night and Sunday.

Mr. and Mrs. W. P. Burton were the guests of Charley Reed, Caney, for dinner Sunday.

Sam Oney and Toney Salyer attended church at Brushy Sunday.

Roxie Vance, of Chillicothe, and Ruth Holliday attended the singing at Harper and were the guests of Perry Whitt for dinner Sunday.

Myrtle Burton and Beatrice Sprague attended church at Brushy Sunday. Both report a good time.

Quite a number of the young boys of this place, attend church regularly at Brushy Fork. Wonder what the attractions are? Fine sermons or pretty girls?

The ball players of this place won the first game played this season against the Brushy boys. All reported a good time. The Brushy boys treated our boys fine and we hope they may be able to come and visit us later in the season.

Hurrah for the Courier.

POSTAL IMPROVEMENT WEEK IS OBSERVED

May 1 Sees Inaugurated First
General Campaign of
Kind in Service.

Without the Postal Service, business would languish in a day, and be a standstill in a week. Public opinion would die of dry rot. Sectional hatred or prejudice only would flourish, and narrow-mindedness thrive.

It is the biggest distinctive business in the world and it comes nearer to the most interests of a greater number of men and women than any other institution on earth. No private business, however widespread, touches so many lives so often or sharply; no church reaches into so many souls, flutters so many pulses, has so many human beings dependent on its ministrations.

"Postal Improvement Week" has been set for May 1, by the Postmaster General. This is the first general campaign of its kind in the Postal Service for several decades. Business men and their organizations, large users of the mail, newspapers, motion pictures, advertisers, and the entire organization of 328,000 postal workers are to be enlisted in this country-wide campaign of interest in postal improvements. Your help is vital. Address your letters plainly with pen or typewriter. Give street address. Spell out name of State, don't abbreviate. Put your return address in the upper left hand corner of envelope (not on the back) and always look at your letter before dropping in the mail to see if it is properly addressed. This care in the use of the mails is for your benefit and speeds up the dispatch and delivery of mail matter.

If you have any complaints of poor service make them to your postmaster. He has instructions to investigate them and report to the department.

COURTESY

It sticks in human relations like postage stamps on letters. The POST OFFICE DEPARTMENT expects it to be used by its postmasters and employees in dealing with the public.

Help them in its use beginning with POSTAL IMPROVEMENT WEEK, May 1-6, 1922.

THANK YOU
